

The children of Longhoughton CofE Primary School had a sponsored run on Red Nose Day 2022. Some parents came to watch the children and cheer them on with several adults (and pets) joining in with the children. The PFA provided oranges for the children to give them energy boosts throughout the run. As if that wasn't enough, the whole school also did an additional Sport Relief activity - KS2 children had an outdoor circuits session and EYFS and KS1 children had a dance lesson! In total we ran an incredible 344 kilometres (the same distance as going from Longhoughton to Birmingham) and raised a staggering £1,323.44.
